Cavendish Sponsor Sussex Business Awards – March 2010

For the second year in succession, Cavendish Communications were the main sponsors at the Sussex Express Business Awards.

Emotions ran high at the East Sussex National Golf Resort in Uckfield, as winners collected awards including 'Best Place to Eat', 'Employer of the Year', 'Best Place to Learn' and 'Overall Business of the Year', at the 2010 awards dinner.

Compered by the legendary Fred Dinenage, the awards were well attended by local businesses from the Sussex area.

In his opening address as main sponsor, Cavendish MD Lawrence Davison recognised the quality of businesses that are in Sussex and the hard work that people had put into running them, with tireless support from their families.

"Families of hard working business owners often get overlooked when it comes to recognition of business achievement and it is good to see so many partners attending the awards this evening."

Lawrence also took the opportunity to recognise Cavendish Communications founders, Nicky and Andrew Walker on the 20th anniversary of their own business in Newhaven.

Cavendish chairman and founder Andrew Walker commented, "After 20 years in business it seems wholly appropriate to sponsor the awards again this year as a thank you to the local businesses that have helped make our business a success."

The awards were topped off with a 'silent' firework display in order to comply with local noise abatement restrictions and Sussex winners are being entered into the wider Southern Business Awards which take place at the Grand Hotel in Brighton later this year.

For more information, please contact Nicky Walker.

Cavendish Communications is one of the largest privately owned communications providers in the South East, who have been delivering communications solutions to small, medium and large enterprise businesses for 20 years. With over 50 staff and in-

house engineering support, Cavendish Communications can install and maintain complete corporate communications including lines, calls, telephone systems, mobility, data and hosted IP based telephony. For more information go to www.cavcoms.com.
